WORK EXPERIENCE

Mobile Engineer – Coixa | [Link](#) Nov 2025 – Present

- Pioneered architecture for a Web3 wallet, ensuring secure key management and 99.9% uptime.
- Engineered a modular wallet core and SDK to support dApp integration.
- Developed a cross-platform React Native/Expo app, achieving a 20% faster iteration cycle.
- Led technical support for 1,500+ beta users.

Technical Lead – Geekink (Contract/Part-time) | [Link](#) July 2025 – Dec 2025

- Delivered full-stack and mobile engineering curriculum for 50+ developers.
- Implemented code review standards, reducing production bugs by 40%.
- Oversaw system architecture, guiding 10+ student projects to successful production deployment.

Software Engineer (Contract) – EMIS (Ministry of Education) Oct 2022 – March 2023

- Led a team to build a centralized Education Management Information System, migrating 100k+ records and improving data retrieval efficiency by 90%.
- Designed analytics dashboards to replace manual workflows, reducing data entry errors by 40-60% and improving reporting speed by 70%.

KEY PROJECTS

Agentic Wallet(Autonomous wallet infrastructure) | [GitHub](#) Feb 2026 - Mar 2026

- Built Solana agentic wallet execution kernel for autonomous transactions and intent-based execution. Implemented policy enforcement, security controls, and LLM-driven intent generation for Orca DeFi.

DeTork (Decentralized Freelance Marketplace) | [Live Demo](#) Solana Nov 2023 - Jan 2024

- Developed decentralized freelance marketplace on Solana with on-chain escrow (PDAs) and verifiable reputation system.

FeedStack – React Native, Mobile App | [GitHub](#) Feb 2022 - Mar 2022

- Architected mobile feed reader with offline capabilities, reducing load times by 50% and data consumption by 30% via SQLite.

libhttp (Lightweight HTTP Library) | C/C++ | [GitHub](#)

- Developed cross-platform C/C++ HTTP/HTTPS library for low-level network development with TLS support.

EDUCATION

Lincoln University

2025 - Present

B.Sc. Computer Science (In progress; 4.00/4.00 CGPA)

Federal Polytechnic Bauchi

2022 - 2024

Diploma in Computer Science (3.80/4.00 CGPA)

EXCEPTIONAL ACHIEVEMENTS

- Graduated with Distinction, ranking top of class in Computer Science diploma program.
- Won HackGombe2.0 hackathon in 2022
